

IDRO[®] CLEANER

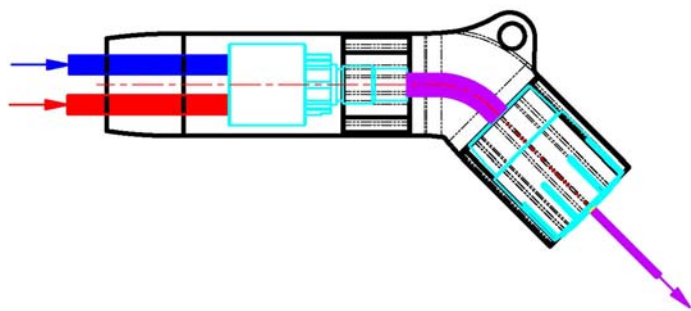

Multifunction Bidet Spray
ALL-IN-ONE

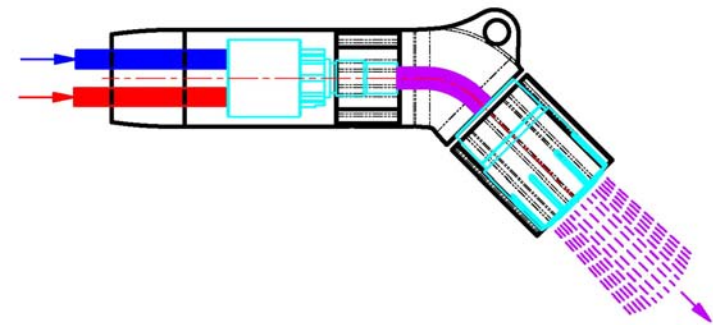

PATENT

A new revolutionary bidet shower.
The first in the world with a mixer inside.
With the simply rotation of the handle you can use with hot
or cold water like a normal mixer tap.
More than this with the simply rotation of the head you can get
bidet spray shower function or toilette brush function.

TOILETTE BRUSH FUNCTION

BIDET SPRAY SHOWER FUNCTION

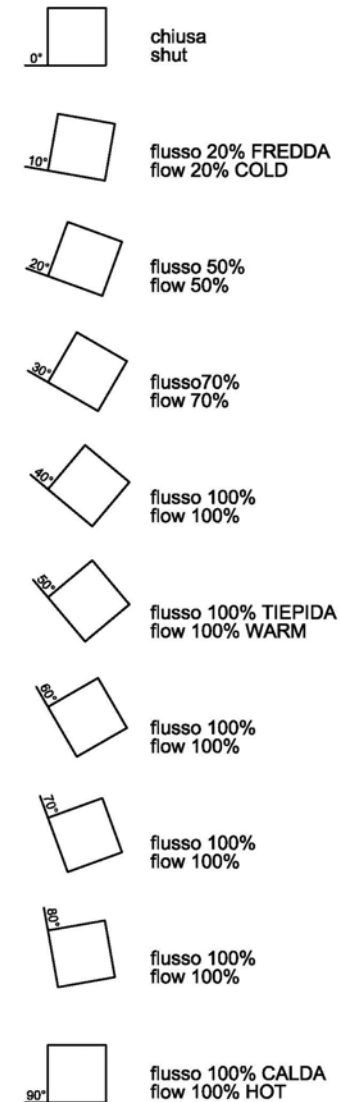

PROGRESSIVE MIXER

The mixing of hot and cold water is made by a special progressive cartridge which it works following the scheme aside.

You can obtain different water flow and different water temperature only with the simply rotation of the shower handle.

GRADI
DEGREES

TOILETTE BRUSH FUNCTION

With this function you can obtain a very strong blast of water which can use to clean the Toilette. Using this way you can cancel the normal Toilette brush which is not igienic.

You can also use to clean and remove the dirty and bacteria from all the places which is difficult to clean.

All these functions can be used with cold or hot water.

Can be used for diapers cleaning.

BIDET SHOWER FUNCTION

With this function the hand shower can be used as a normal bidet shower or hand shower.

The bidet shower is widely used instead of the Bidet in all the Middle East.

Normally used for personal igiene using the hot water can be also used in other different ways.

Washing hairs directly on the basin, pool shower and also as a kitchen side shower.

INSTALLATION

The shower is supplied with a special hose easy to install.

Can be installed on existing water-systems or in all new water-systems.

We also supply 2 pieces of “T” connectors and a wall hang.

For the use inside the kitchen we will supply a plastic stand.

For a correct use of this product we suggest to use inside 1 bar to 2.5 bar range.
